

INC Young Researchers Prize in Materials Science

Objective

To promote excellent work of the young scientists of the Nicolás Cabrera Institute (INC), by recognizing two main young authors of one publication of the INC.

Eligibility

- Candidates should be Early Stage Researchers (up to 5 years after Master degree, or full time equivalent).
- The publication has to include at least one permanent member of the INC, and "Instituto Nicolás Cabrera" in the address or affiliation.
- Date of the publication has to be between 01 November 2016 and 01 November 2017.
- The publication will be presented in a talk or a poster in the Young researchers meeting 2017 of the INC.
- Two different candidates cannot present the same publication.

Submission

Candidates should submit by email to inc@uam.es, before 1 November 2017:

- An application form available on the web of the INC.
- One pdf file with the publication to be considered.
- One pdf file with the abstracts of all publications of the candidate, from november 2016.

The prizes

- First prize: 400 € and a certificate.
- Second prize: 100 € and a certificate.

Award committee

The board of the INC will choose three senior scientists, experts in Materials Science.

Award criteria

Scientific excellence of the work, future projection of the candidate.
